

SETTLEMENT PROJECTS NEEDED IN THE SOUTH.

Reclamation Engineer Says Many Opportunities Exist in Coastal Plains.

Washington, Nov. 13.—Characterizing the Atlantic and Gulf Coast sections as "the real frontier of America today," H. T. Corey, consulting engineer of the United States Reclamation Service, told the Washington Society of Engineers today that the South has lagged behind the rest of the country, and particularly the West, in land settlement projects. He declared that conditions were as favorable in the South today for community settlements of considerable size as in any other part of the country.

"Agricultural land values have suffered in the South as a result of this tendency against settlement projects," Mr. Corey said. He added that \$8,000,000 acres of land on the Atlantic and Gulf coastal plains needed only drainage to make it very valuable, and that it contained in general a fertile soil well adapted to general agriculture and corresponding to the good lands in Indiana and Ohio.

"The cropping season is much longer and the period in which live stock would have to be fed much shorter," Mr. Corey said. "Hence, with a given amount of energy, greater returns may be secured per acre and per man day than in all but the most fertile sections of the entire country. Undue dependence has been placed on Negro labor in the past, and one money crop agriculture has been too generally practiced. The agricultural status is much behind the times in the sections where settlements would be located."

WOMEN MUST FACE SOCIALISM WHICH STRIKES AT HOME.

Already Grave Menace Seen As Reason For Joining Women's Parties, WORKING THROUGH CHILDREN

A startling confirmation of a statement made recently by Senator James E. Watson (Republican) of Indiana that "socialism strikes at the home and at family life" has just come to light in a Teachers' Convention held in Oakland, California. It is a potent reason for women to align themselves with parties strong enough to combat this insidious evil that would debase innocent children. According to Wm. J. Cooner, president of the bay section of the California Teachers Association, Russia is being surreptitiously placed in the hands of school children throughout California.

"The actual constitution which we know as the Russian Soviet constitution is being widely circulated," declared Mr. Cooner. "The work is going on secretly, covertly, under the noses of the American government and the educational staff of the entire state. In the absence of race patriotism it is necessary to educate children along practical national lines rather than historical ones, in order to combat it. A greater battle than the European conflict is being waged here in America. The teachers are the fighters, the potential moulders of youthful ideals. We must begin at once stamping out this insidious propaganda by intelligent education."

STOCK REALTY CORPORATION GOING FAST.

Work On West Broad Street Block To Begin Soon.

New York Architect's Drawing of Plans Received This Week.

Savannah, Ga., Nov. 13.—Stock of the Consolidated Realty Corporation, the half million dollar Negro concern which is developing a city block opposite the Union Station, has been selling rapidly ever since it was put on the market several weeks ago. The project, which is to develop an entire city block on which a hotel, department store and a theatre will be erected, has proved very attractive both in this city and elsewhere, subscriptions in both large and small amounts coming in daily to the corporation's headquarters, the Wage Earners Savings Bank.

The corporation has issued a very neat and well-illustrated booklet telling of all the many features which will be developed by the concern. These booklets have been sent broadcast and have resulted in much stock being disposed of to out-of-town people.

The corporation hopes to begin work on the new buildings as soon as the present tenants' leases expire. Drawings of the proposed block arrived in the city yesterday. They were made by the well-known New York Negro architect, Vestner W. Tandy, who drew the plans for the beautiful country home of the late Madam C. J. Walker, which is situated at Irvington on the Hudson, and is said to be the most expensive and elaborate residence ever built by a Negro in this country. The picture of the block is given on this page.

The officers of the Consolidated Realty Corporation are as follows:

J. G. Lemon, president; Sol. C. Johnson, vice-president; G. H. Bowen, vice-president; L. E. Williams, vice-president; J. C. Callahan, assistant secretary; R. A. Harper, A. B. Singfield, J. M. Ferree, J. W. Jamerson, J. C. Lindsay, Atlanta; T. M. Holly, Nathan Roberts, J. F. Jones, E. Seabrook, Daniel Simmons, E. W. Dawson and H. B. Wright.

HUSBAND OLD AND NO GOOD SO SHE SHOT HIM.

Woman, 30, Held on Murder Charge For Putting Spouse 'Out of Way.'

Burgess, Mo., Nov. 13.—The preliminary examination of Mrs. Della Moquet, 30 years old, charged with the shooting of her husband, Jules Moquet, 74 years old, early Saturday, was held at Liberal, Mo., this afternoon.

Mrs. Moquet was bound over to the Circuit Court on a charge of first degree murder.

Walter Howspear, a neighbor, aroused the neighborhood, stating he had been shot and Moquet killed.

When questioned by the authorities, Mrs. Moquet is said to have frankly admitted to shooting of her husband.

"He was old and no good, and I thought it just as well to put him out of the way," the officers quote Mrs. Moquet as saying.

The shooting occurred at 11 o'clock Friday night. Howspear testified on the witness stand today that he spent the evening at the Moquet home and was preparing to depart, when Mrs. Moquet produced a revolver and began shooting.

Howspear said he was in one room

and Moquet in an adjoining room. Mrs. Moquet, he alleged, walked suddenly into the doorway of the room where her husband sat and began firing. Moquet was struck by two bullets and killed instantly. Howspear then alleges she turned the weapon toward him, a bullet striking him in the shoulder.

DYER DECLARES PRESIDENT'S VETO SHOULD HAVE BEEN RESPECTED OR OBJECTIONABLE FEATURES REMOVED FROM MEASURE.

Washington, Nov. 13.—President Wilson this afternoon vetoed legislation to enforce war-time and constitutional prohibition, and within 3 hours the house had passed the bill over his veto.

The House acted with but little more than half the membership present, passing the prohibition enforcement act over the veto vote of 176 to 55. Two members voted present. Immediate consideration and passage over the presidential veto by the Senate was predicted by Senator Sterling of South Dakota, chairman of the Senate Judiciary Committee.

Ignoring the specific objections mentioned by President Wilson in his veto message and the pleas of members for postponement of consideration until the full membership would be present, the prohibitionists, with an overwhelming majority, forced the vote with the acquiescence of Floor Leader Mondell, after he had first urged delay.

Immediately after the passage Representative Volstead, author of the House bill and chairman of the Judiciary Committee, who offered a motion to lay the bill on the table until Thursday, admitted frankly that he was afraid he would not have enough votes to override the veto, but after "counting noses" and discovering a majority of dyes he decided to force it through.

If the Senate also overrides the veto, the country will go on a one-half of one per cent alcohol content temperance basis.

QUESTIONNAIRES SENT NEGRO CLERKS.

Of Georgia, Alabama, Florida and Mississippi, South Carolina Prepare to Meet Committee of Central Employees.

Under the auspices of the Fifth District National Alliance Postal Employees, the executive committee prepared and sent out questionnaires to each Colored railway postal clerk in the states covered by the hearing. The information obtained showing the average monthly disposition of a clerk's salary, the content of a summary report showing the inadequacy of present salaries in the railway mail service.

After all plans had been made for our representative to appear before the committee, unfortunately, we were advised by telegram from the secretary of the committee, Hon. Cecil A. Beasley, that the hearing in Atlanta, Ga., would be postponed until a later date.

Comrade W. H. Reeves, President Fifth District National Alliance Postal Employees was designated to speak for our clerks. Everything will be in readiness when the commission arrives.

JAPAN WON'T AWAIT TREATY ACTION BY U. S.

Privy Council Approves Pact, But Criticizes Peace Envoy's.

Tokio, November 13.—During the recent consideration of the German peace treaty by the Privy Council some of the members criticised the government and the Japanese delegates to the Paris conference, charging that there had been insufficient preparation for the task the Japanese representatives had before them at the conference, and that they had not been sufficiently active or displayed enough initiative in that body. The Asahi says it is reported from a source believed to be well informed.

Inferentially, according to this account, the delegates were blamed for accepting without protest the waiver of indemnity by Japan for the maintenance of prisoners of war. It is pointed out that Japan, unlike her allies, had no prisoners of war in Germany to counterbalance the large expense to which she was put in caring for enemy prisoners in Japan.

Some of the members of the council are credited by the newspaper with advising that the action of the United States on the treaty be awaited before Japan approved it, but the council as a whole was said to hold the belief that the rejection of the Shantung amendment by the United States Senate removed any objection to the immediate adoption of the convention by Japan.

"It was urged by the government, and the council agreed undeservedly, and the council agreed undeservedly, that the treaty be approved without waiting for America's thought being thus to demonstrate the sincerity of Japan and to follow the example of England, France and Italy."

The correspondent learns that the report of the special committee of the council, headed by Viscount Kijiyura, dwelt particularly upon the view that the ratification of the Emperor being tantamount to imperial assent to the League of Nations, the league would not encroach upon the prerogatives of the Emperor. This satisfied the critics, who had feared that the league would hopelessly fetter the future of Japan.

The provisions of the league covenant permitted the withdrawal of Japan under stated conditions.

LENOX AVENUE BARGAIN CROWD AT SALE OF \$10 COATS FOR \$1.

New York, N. Y., Nov. 13.—Louis Berman, raincoat jobber, living in the Bronx, told a story in Heights Court of how he was hurrying through the rain the other night peddling his wares with several raincoats under his arm when William Timbough, 21, a cook of 201 West 136th St., stopped him.

"How much for the rain berries?" asked Timbough.

"Ten dollars a smash, and a bargain at that," returned Berman. Timbough said he didn't have 10 berries, but could dig up \$1.50, offered business-like, accepted the offer

and let him have the coat at that price. Though he had paid into the basement of his home to get the money, when Berman alleges, Timbough threw the coat over his head and pushed him into a coal bin, taking his other ten raincoats, and ran away.

Later when Timbough was attempting to sell the stolen coats at 134th street and Lenox avenue for a dollar a piece, his arrest was made. In court he denied the charges, but was held in \$1,000 bail by Magistrate Simms for trial.

FREE JUG OF WHISKY FOR EACH FAMILY.

Distillers Consider Asking Permission to Give Away 60,000,000 Gallons.

Louisville, Ky., Nov. 13.—The lifting of the war-time prohibition ban seems so remote that the holders of the 60,000,000 gallons of fine Bourbon and rye whiskeys remaining in bond are considering the introduction of a bill in Congress under which these whiskeys could be freed from tax. The distillers have cancelled and the holders be permitted to remove them into five-gallon jugs and give them to the people to be used for medicinal purposes.

The idea is to give one jug to each family in the country not already supplied with liquors for the future and the Government would be asked to make the distribution thru the Postoffice Department.

HARD WORKING MOTHER GETS LIGHT SENTENCE.

New York, N. Y., Nov. 13.—"Why, Sammie, is that you?" said Mrs. Lottie Scott, colored, fifty years old, crossing the Bridge of Sticks this morning to the Tombs after being sentenced to from five to ten years for manslaughter by Judge Crain of General Sessions, as she met upon the narrow passageway her eighteen-year-old son, whom, she had not seen for several years.

"What you doing here, mammy?" said the young colored lad.

"I just got ten years for killing your father," replied Mrs. Scott, as the guard led her away preparatory to her trip to state prison.

Mrs. Lottie Scott, 18 West 132nd street, had pleaded guilty to manslaughter in the first degree on Aug. 22, last, she stabbed her husband to death at Madison avenue and 132nd street. The husband was a confirmed drinker, and had often assaulted and beaten her severely.

Her son, Sammie, is a wayward youth, who had run away from home, his adventures coming to a climax July 9, when, at the point of a revolver, he held up and robbed Pinkus Marzoff, an insurance man, at 139 West 143rd street. He later was arrested and confessed to the robbery, and at the time of his dramatic meeting with his mother was being taken to be remanded for sentence. He presently will be sentenced later this week and may get a ten-year term, the maximum his mother may serve.

JEALOUS MAN CUTS WOMAN WITH A RAZOR.

Negro Preacher Exhorted to Teach Women to Treat Men Right.

Birmingham, Ala., Nov. 13.—Jim Hayes, Negro, was lodged in the city jail Sunday afternoon about 4:30 o'clock, charged with carrying concealed weapons and assault with intent to murder. He was arrested by detectives Granger and Clements and Sergeant Brent. The Negro cut and seriously injured Julia Davis, who lives at 14 Russell quarters. She was taken to the Hillman hospital, where she is suffering with two deep gashes in her left side; two severe cuts in the breast and a bad cut in the right arm. She is reported to be in a serious condition.

The officers stated that Hayes, who lives in Virginia, had just arrived in the city and had gone over to the woman's residence and dragged her out of the house in front of a church nearby and proceeded to cut her with a razor, while the church services were being held. It is also stated that after he had cut the woman, the Negro rushed out of the church, on hearing her cries, and as they looked on, Hayes pointed at the Negro preacher and said: "Brother, I want you to preach to women here to treat us men right! I came all the way from Virginia to this woman, and I saw her with another man. You tell these women they'd better be good to us men folks."

U. S. OFFICIAL ACCUSED IN LIQUOR SCANDAL.

Chicagoan's Arrest Ordered on Charge of Falsely Labeling Shipments.

Chicago, Ill., Nov. 13.—A warrant for the arrest of Francis T. A. Junkin of Chicago, appointed a month ago a member of the Contract Adjustment Board in Washington, with a rank of lieutenant colonel in the regular army was issued here today on a charge of having falsely labeled shipments of liquor.

Internal revenue agents found the shipments of liquor concealed in the tonneau of two expensive motor cars which Junkin had consigned to Washington. Two shining brass-studded boxes labeled "Music records, handle with care," were found to contain ten gallons of whiskey. The seizure was made after the cars had been packed in a freight car for shipment.

Inquiries at the Junkin home disclosed the fact that Junkin and his wife had left for Washington, Friday.

Government officials in Chicago are awaiting word concerning the detention of Ross Butler, and his wife, who are said to have left Chicago carrying a large quantity of liquor with them. Butler, Junkin's chauffeur, federal officials also are looking for a Miss Burns, Junkin's secretary, who left for Washington with four trunks.

Charles F. Clyne, United States District Attorney, said that if these persons are apprehended with liquor in their possession, and it is proved that the liquor belongs to Col. Junkin, a number of charges can be instituted against them.

Junkin Denies Part in Shipment. Washington, Nov. 13.—Lieut. Col. Junkin said here today that while he had instructed his chauffeur to ship two automobiles to him, he had no knowledge of any liquor secreted in packing cases in them as charged by federal authorities in Chicago.

NEGRO GETS \$725.00 FOR TWO BALES LONG STAPLE COTTON.

Clarksville, Texas, Nov. 13.—C. B. Trimble, a Negro tenant on Lee Canterbury's farm, sold two bales of long staple cotton to W. R. Moore, a Clarksville buyer, for 70c per pound today. The bales weighed 515 and 516 pounds and netted \$725.00. The seed, valued at \$180, will bring the value of the two bales to \$905.50. This is the highest price ever paid in Texas for long staple cotton, 65 cent being the highest price paid here before this sale.

Bagwell, Red River County, Texas, Nov. 5.—C. M. Bullard sold a bale of long staple cotton here today for 68 cent per pound.

PRAISES THE EXPRESS.

Editor: Palestine, Texas, Nov. 13.—Your paper has of late taken on new life, improving seemingly in all departments, and I want to let you know that this particular family recognizes and appreciates this step forward you have taken.

There is no reason why our Southern whites should not compare with any published in the North. We may avail ourselves of the volumes of advertisement at hand to furnish the principal financial support for the paper and at our very doors are thousands of subscribers in prospect anxious for the right kind of paper.

I have always felt that the mass of the colored people would fully appreciate any colored enterprise that would first appreciate their wants and needs in things fully worth while. The burden of responsibility in any business, newspaper, publishing included, rests primarily with the business itself. Raise your business to the standards desired by the people and we will hear less of complaint to the effect that colored people do not take sufficient pride in their own enterprises to support them. First, put pride in the business. Proliferate businesses attract the colored man no less than others.

I want to especially commend your editorials and the editorial page. Continue to give us news and editorials of interest to the race from the press, near and distant as our reading is generally restricted to a few papers.

Sincerely yours,

W. S. DAVIS,

811 W. Swann Street,

Palestine, Texas.

MANAGER OF THE DALLAS EXPRESS INVITED TO CONFERENCE.

Manager J. R. Jordan, Dallas, Texas.

Dear Sir: I have planned to hold, Thursday afternoon, at 4 o'clock, November twenty-seventh, during the session of the Colored Teachers State Association, at Corsicana, a conference with a number of the leading professional and business men of your race in the state. The purpose I have in view in calling such a conference, is to have drawn up, by representative Negroes, a set of resolutions, or a declaration of principles dealing with educational problems, which shall constitute a sort of platform upon which all the people of Texas who are interested in promoting the best interests of the colored people can stand together.

Such a declaration by the representative and conservative leaders of your people should help to clarify the situation in Texas, serving to show that the aims of such leaders are not revolutionary or prejudicial to the best interests of the State as a whole.

My work in behalf of the promotion of better schools for Negroes in Texas has shown me that such a declaration of principles is necessary and advisable at this time.

No publicity will be given to the discussions in the conference and no principle is to be given out unless it receives the unanimous endorsement of the conference. After such a declaration of principles, publicity will be given the fullest publicity possible.

You are hereby invited to meet me in such conference, and I trust you will be there. This letter will serve as the official notice to you. Please advise promptly of your acceptance, if you do accept.

Very truly yours,

L. W. RODGERS,

State Supervisor Negro Schools.

CHARGES AGAINST DR. CLOUD PROVE GROUNDFLESS.

Kingsport, Tenn., Nov. 13.—When the case of Dr. Milton M. Cloud, a colored physician of this place, charged with malpractice in performing a criminal operation on a young white girl, was called before Magistrate Bunn, the case was dismissed and Dr. Cloud exonerated of any charge as the result of the lack of evidence to hold him and the acquittal of the prosecuting witness to appear.

In commenting on the dismissal of the charges, Dr. Cloud stated, "I put forth every effort to assure all interested parties that the charges against me were simply a 'frame-up' on the part of prejudiced individuals and there were no grounds whatever for the same. The black hand letter which was sent to me following the announcement of the charges having been preferred, was sent for the purpose of causing me to leave the town."

CHICKENS GET PUGNACIOUS.

"JAG" ON HOMEMADE BEER.

Los Angeles, Cal., Nov. 13.—There is domestic discord in the household of E. J. Stanton, an electrician of 420 West Thirty-first street, because a yardful of chickens attacked Mrs. Stanton while she was endeavoring to feed them. The fowls had broken into a vat of homemade beer Stanton was brewing and acquired a pugnacious jag.

MADAM COTTON'S WONDERFUL HAIR GROWER.
